Professional Summary

Detail-oriented Software and Web Developer with 4+ years of hands-on experience designing and building responsive, user-focused applications using React, Angular, Typescript, PHP, Python, and Express.js. Proven track record of improving application performance, streamlining workflows, and enhancing user engagement through clean, maintainable code and modern frameworks. Experienced in applying machine learning and natural language processing (NLP) techniques in academic and professional projects to develop smart, AI-assisted solutions.

- Project and time management
- Version control & collaboration
- Collaboration under pressure
- UI/UX Awareness
- Cross-functional collaboration
- Learning agility
- Technical communication
- Learning agility
- Active listening

Technical Skills

- **Frontend:** React.js, Angular, Next.js, HTML, CSS, JavaScript, Typescript, Bootstrap, Tailwind CSS, SCSS
- **Backend:** Node.js, Express.js, PHP, Python, MongoDB, PostgreSQL, MySQL, C++, Asp.NET, NLP, C#, Java
- **Tools & Platforms:** Replit, Git, AWS, Heroku, Vercel, Firebase
- **Other:** RESTful APIs, Agile/Scrum, Keras library, PyTorch, UI/UX design, Figma, Adobe XD, WordPress, Shopify, Webflow

Relevant Experience

Junior Developer

December 2023 – April 2025

Line Security Services- London, UK

- Developed and maintained dynamic, scalable web applications using React.js and TypeScript, increasing user engagement by 20%.
- Designed and implemented RESTful APIs with Express.js/Node.js, integrating MongoDB for secure and efficient data handling.
- Leveraged AI tools and automation workflows to improve testing, quality assurance, and delivery speed.
- Supported business growth initiatives, contributing to an estimated £30K increase in profit through improved reliability and customer retention.
- Optimized application performance through image compression, lazy loading, and asset prefetching, boosting Lighthouse scores from 60 to 95+.

Web Developer

January 2021 – August 2022

Digital Graphiks– Karachi, PK

- Built LMS, E-commerce, and ERP systems with React and Angular, focusing on modern, interactive UI and scalable architecture.
- Implemented advanced state management using Redux and NgRx, improving performance and maintainability.
- Designed real-time analytics dashboards using Recharts and Chart.js.
- Increased conversion rates by 18% through data-driven UX enhancements.
- Led a team of 5 developers, mentoring juniors, conducting code reviews, and maintaining code quality standards.

CMS Developer

October 2019 – January 2021

Tafsol Technologies– Karachi, PK

- Developed and maintained custom web applications using PHP, JavaScript, and MySQL, implementing both front-end and back-end logic for client projects.
- Integrated third-party APIs (e.g., Stripe, PayPal, Mailchimp) to support payment gateways, email automation, and customer analytics.
- Delivered 3 major production releases, resulting in a 30% boost in customer engagement and 20% increase in retention.
- Increased freelance client rating by 15% through proactive communication and rapid delivery of high-quality solutions.
- Supported merchant operations for payments, orders, and integrations across multiple platforms.

Recent Projects

- **Smart Trucking Services Inc.** – React, PHP, Redux, MySQL
Developed a client portal to manage trucking operations and user data efficiently.
- **AI-Powered Chatbot (Fisheye)** – Python, Keras, LSTM, NLP, PyTorch
Built an intelligent chatbot that automated customer query handling and improved response time.
- **Fisheye Video Player App** – Angular, Laravel, Stripe API, Ngx-Video
Created a video subscription platform with secure payment and playback management.
- **Learning Management System** – PHP, Angular, MySQL, Bootstrap
Designed an LMS with quizzes, progress tracking, and video-based lessons.

Education

Middlesex University, London, United Kingdom

Master of Science- Computer Science

Relevant Courses: Software Development, Blockchain Development, Cybersecurity Systems

Bahria University, Karachi, Pakistan

Bachelor of Science- Computer Science

Certifications

Developing Front-End Apps with React IBM

September 2025
